21 million children in the world today have an illness or condition for which they would benefit from palliative care.

Show how much you care by wearing a HAT & MASK for children needing palliative care on Friday 9 October 2020

Help us raise awareness of the need for children’s palliative care by following these 3 easy steps:

1. Wear and hat and mask on Friday 9 October
2. Take a selfie, post it on social media using #HatsOn4CPC
3. Donate to ICPCN or your local children's palliative care service.

Children with life-threatening and life-limiting conditions need palliative care to help give them the best possible quality of life. Thus providing physical, social, emotional and spiritual support for the children and their families.

Help us to raise awareness of children's palliative care by wearing a hat and mask, and making a donation.
